Window openings and walking the trail

Everyone is welcome to gather each evening as a new window is revealed. Each event is different, but most include free festive food and drink, carols, plus other fun seasonal activities (see listings above for times and locations, and check website and social media for daily updates). After Christmas, come and walk the whole trail and discover all the beautiful windows which will be on display until **5th January**.

*We are planning some free guided walks, including an 'After Dark' Musical Trail with World Heart Beat Music Academy's New Orleans Band on **Saturday 14th December** following the window opening at Pump House Lane at 5pm (See website for more details and to book).
